

Science Fair Teamwork Agreement

Team members:

--	--

We agree to divide the work in the science fair project in a fair way and to be on time in meeting deadlines.

Options for completing work: (circle the option you choose)

Option #1 – Each partner contributes to all parts of the project, and both partners agree to get together *multiple* times (more than ten times) in order to work out the project details.

Option #2 – The partners agree to divide the work in the project in as fair and equal a way as possible and meet at least five times through the project to share progress. Fill in the work each person will do in the table below.

(name)	(name)

If one partner cannot fulfill their obligations to the team, the project then belongs to the remaining partner and the person who did not meet the agreement must come up with a new project.
